

Acrylic Painting with New Digital Imagery

An Acrylic Painting Workshop

Instructor: **Nancy Reyner** is a painter of more than 30 years experience who exhibits, lectures & teaches locally and nationally. Nancy holds a BFA from the Rhode Island School of Design and an MFA from Columbia University. She is the author of two painting books: *Acrylic Revolution*; and *Acrylic Innovation*, both published by North Light Books. She lives in Santa Fe, NM. Please visit her website, www.NancyReyner.com

Give your art an exciting contemporary edge! Print images onto unusual papers, foils and actual layers of acrylic paint (called paint skins), then collage and overpaint, to transform, seal and combine into unique paintings. New acrylic painting techniques, surfacing, paints and products will also be explored. All levels are welcome. Printers and printing inks will be supplied. Golden provides free paint samples and product samples for experimenting. Additional supplies are needed - list is available upon registration.
